

Table 1: Relative Average Bias of correctly specified Regression Parameters (Study 2)

*Note.* This figure shows the

Table 2: Absolute Average Bias of Regression Parameters not Present in the Population Model (Study 2)

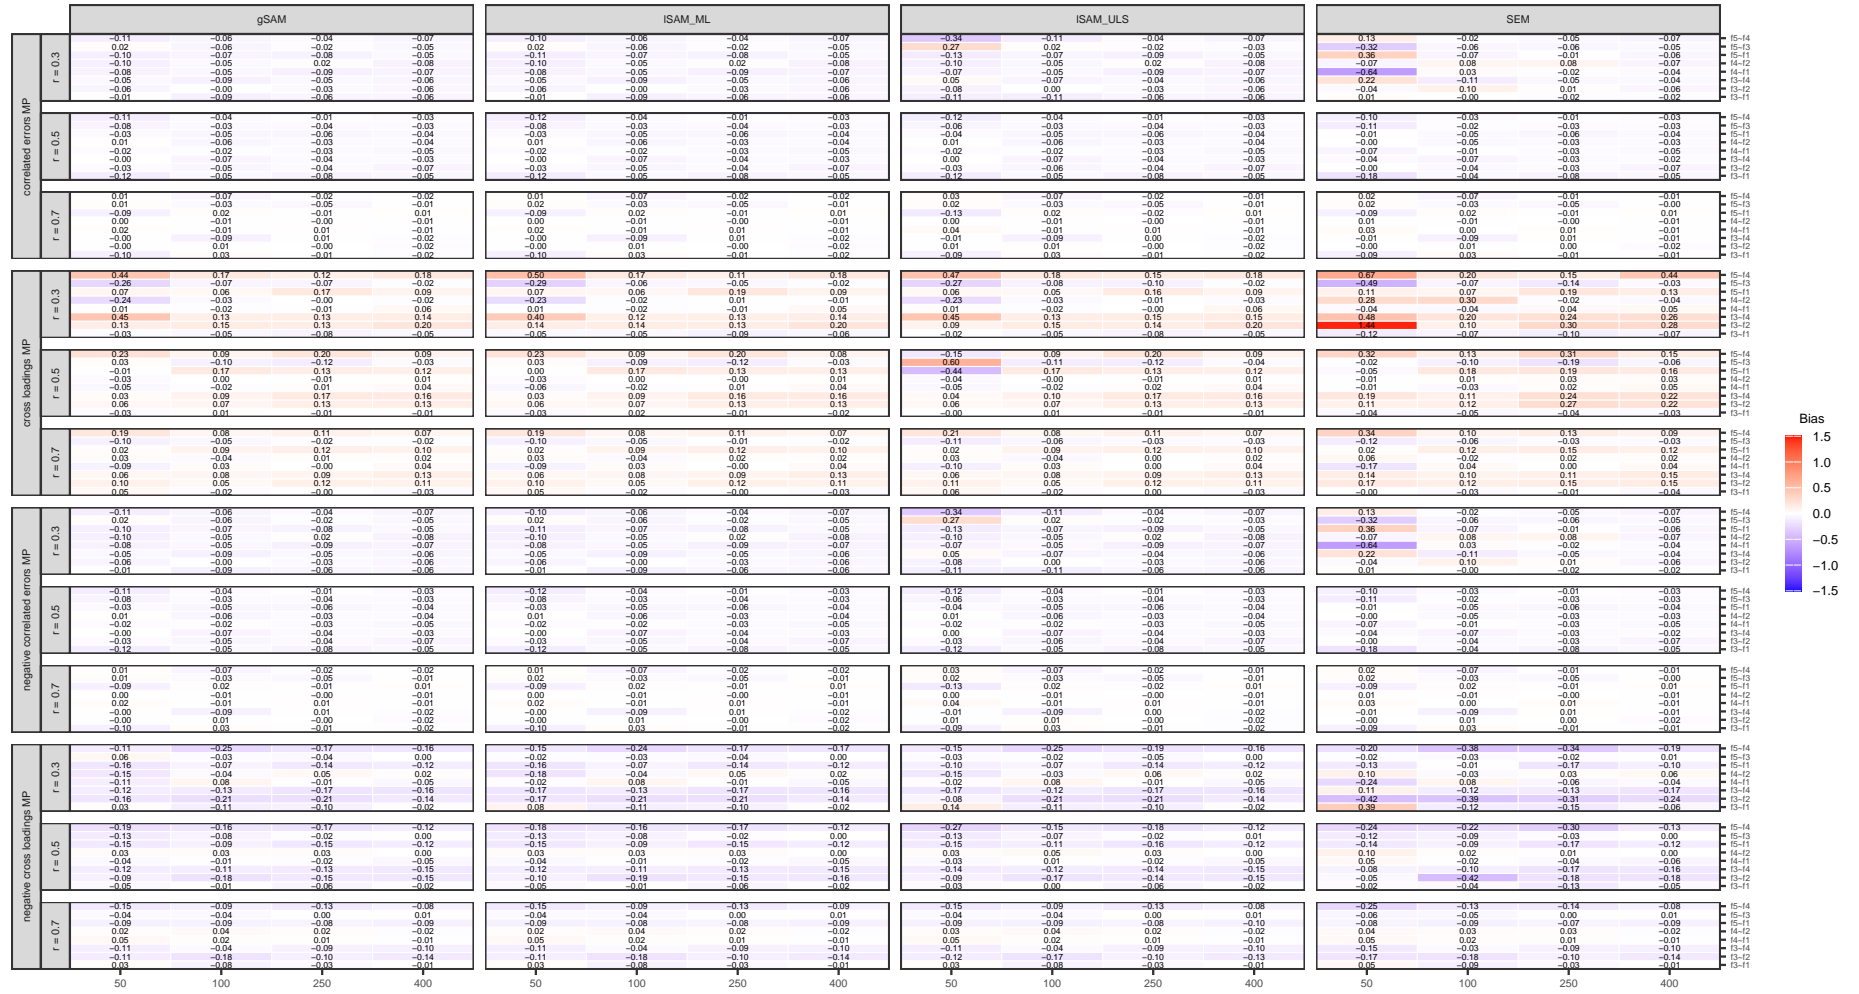

*Note.* This figure shows the

Table 3: Absolute Average Bias of Regression Parameters (Study 1)

*Note.* This figure shows the average absolute bias values for each parameter in the different conditions of simulation study 1.

Table 4: Absolute Average Bias of correctly specified Regression Parameters (Study 3)

Note. This figure shows the
